

Welcome

Dear CIPD Member,

Welcome to the CIPD Southern Region Programme of Events for the 2016/17 academic year.

CIPD have been setting the benchmark in people and Organisational Development for more than a century. In 2016 CIPD Southern Region have developed a programme of events that will show clear learnings from our past; innovation and creativity for our present; and forward thinking strategic focus for our future.

While HR is always about the people, many factors contribute to how HR operates in different organisations. The environment in which we work is ever changing; in every business it is the undisputed role of HR to embrace change and move forward for the good of the organisation and its people. It is our hope that you, our CIPD members, will find these events challenging; informative and an integral part of your own Continued Professional Development.

I also want to acknowledge the work of my teammates on the Southern Region Committee without whom these events would not be possible. Thank you all!

Margaret Collins, CMCIPD
Chair, CIPD Southern Region
2016/18

Don't miss out!

We always welcome suggestions and feedback from members and we look forward to your continued support. If you are not on our mailing list, please contact any member of the committee with your email details and membership number or contact us at www.cipd.ie/southern.
